

BREZZA

by Kütahya Seramik

2011

Ateşle camın aşkı...

Ana malzemesi cam olan Brezza koleksiyonlarında her bir cam, ayrı ayrı el emeğiyle özenle üretilmektedir. Brezza ürünlerinde her mozaik, renklerin ateşle dansı sonrasında hayat bulur. Bu nedenle hiçbir mozaik diğerinin birebir aynısı değildir.

Gerek renk tonlarında, gerekse boyut ve son uygulamalarda küçük farklılıklar görülebilir. Tıpkı doğanın büyüleyici renklerinin eşsiz tonları gibi... Okyanusun sınırsız mavileri, gün batımının kırmızıları, doğanın sonsuz yeşillikleri, güneşin altın tonları ve rüzgarın fısıltıları mekanlarınızda hayat bulur...

İtalyanca meltem anlamına gelen Brezza, mekanlarınızda rengarenk meltem esintileri yaratır. Uygulama alanları sınırsız olan Brezza koleksiyonları sadece yer ve duvarlarda değil, dekoratif ürünlerde, lavabolarda, abajurlarda, kolonlarda ve havuzlarda bir süsleme sanatı olarak kullanılmaktadır.

Ürünlerin meltem esintisi hayal gücünüzle sınırlı...

Brezza koleksiyonları 2.5 x 2.5 cm, 2.5 x 5 cm, 2.5 x 10 cm, 5 x 5 cm, 5 x 10 cm ve 10 x 10 cm ölçülerinde, sınırsız renk, desen ve ebat seçeneğine sahiptir.

The love between fire and glass...

Each mosaic piece in the Brezza Collection - made of pure glass - is an artwork of glass artists made with upmost care.

Each mosaic in the Brezza Collection comes to life with the dance of colors and glass so they become unique while bearing the signature of a glass artist.

Like a reflection of the fascinating colors of the nature; all the color shades, sizes and final applications are different for each piece.

Endless blue of the oceans, scarlet of sunset and infinty green of the nature, gold tone of the sun and whispering of the wind spreads into your life.

The Italian meaning of breeze, the Brezza Collection creates breezing inspirations in your spaces.

While offering endless application areas the Brezza is not only used on walls and floors, it stirs up your imagination in decorative pieces, skins, lampshades, columns and pools as an artistic reflection in the decoration. The breezing inspiration of Brezza is only limited to your imagination.

Brezza collection comes in 2.5 x 2.5 cm, 2.5 x 5 cm, 2.5 x 10 cm, 5 x 5 cm, 5 x 10 cm ve 10 x 10 cm sizes with unlimited design options.

UYGULAMA ÖNCESİ NELERE DİKKAT EDİLMELİDİR ?

- Döşenecek alanın 24 saat önce şap atılmış, sudan nemden tamamen arındırılmış, yüzeyin düz, pürüzsüz, gönyeli ve yapıştırma şartlarına uygun olmasına dikkat edilmelidir.
- Brezza cam mozaik ürünleri, uygulamadan önce metraj ve renk kontrolü yere serilerek yapılmalı, renk uyumu ayarlanmalıdır.
- İhtiyacınız olan metrajın eksik olduğunu tespit etmeniz halinde, sipariş vereceğiniz yeni ürünü elinizde bulunan ürün ile karıştırdığınızda olası ton farklılıkları ortadan kalkacaktır. Kesinlikle eksik kalan metraj tamamlanmadan ürün döşenmemelidir.
- Brezza Silvery Colors ürünlerinde sim yönleri güneş ışığının geldiği yöne göre döşenmelidir.

YAPIŞTIRICI UYGULAMASI NASIL OLMALI?

- Cam mozaiklerin yapıştırılmasında sıcak-soğuk silikon ve hızlı dondurucu gibi kimyasal yapıştırıcılar kullanmayınız.
- Brezza cam mozaiklerin uygulaması sırasında, Kütahya Yapı Kimyasalları ürünlerinden kuru alanlarda Mega Flex beyaz seramik yapıştırıcı, ıslak ve nemli alanlarda Mega Poll, havuz uygulamalarında ise Mega Epoxy yapıştırıcı kullanılması tavsiye edilir.
- Yapıştırıcı duvar yüzeyine ince mozaik tarağı kullanılarak uygulanmalı ve yapıştırıcı kıvamı ne çok katı nede çok sıvı olmalıdır.

DERZ UYGULAMASI NASIL OLMALI?

- Brezza cam mozaik ürünlerinde kullanılacak derz, Brezza ürününün rengine uygun olarak seçilmelidir. Özellikle koyu renk ürünlerde beyaz derz kullanılmaması, Brezza cam mozaik rengine yakın derz seçilmesi önemle hatırlatılır. Kütahya Yapı Kimyasalları ürünlerinden Mega Flex derz dolgu kullanılması tavsiye edilir.
- Brezza cam mozaik ürünlerine, yer veya duvara döşendikten iki gün sonra derz uygulanmalıdır. İki gün süresince yapıştırıcının sağlıklı kuruyabilmesi açısından ortamın kuru olmasına dikkat edilmelidir. Bu uygulama dışında yapılan uygulamalardan dolayı doğabilecek ürün problemlerinden firmamız sorumlu değildir.

WHICH FACTORS REQUIRE SPECIAL ATTENTION BEFORE APPLICATION PROCESS ?

- The application area must be treated with alum at least 24 hours before the application and the application must be purified from water and moisture and the surface must be flat, smooth, on the square and appropriate for pasting.
- The Brezza Glass Mosaic Products must be laid on the floor before the application process in order to check the quantities and color; after the quantities are checked the color matching must be done.
- In case of detecting any missing application quantities, the product must never be pasted unless the missing quantities are completed.
- The silvery side of the Brezza Silvery Colors products must be pasted according to direction of sunlight.

HOW THE APPLICATION OF ADHESIVE MUST BE DONE?

- Do not use chemical adhesives such as hot – cold silicon and blast freezer for pasting glass mosaics.
- For the application process of Brezza glass mosaics it is recommended to use Kütahya Construction Chemicals such as Mega Flex white ceramic adhesive for dry areas, Mega Pool for wet and humid areas, Mega Epoxy adhesive for pool applications
- The adhesive must be applied on surface of the wall by using thin mosaic dredger and the consistency of adhesive must neither be very solid nor very liquid.

HOW THE GROUTING MUST BE DONE?

- The grouting used in Brezza Glass Mosaic products must be selected in accordance with the color of Brezza products. Especially the dark colored products must not be applied with white colored grouting materials. We strongly recommend that the color of grouting material must be close to the color of Brezza glass mosaics. It's recommended to use Mega Flex grouting materials from Kütahya Yapı Kimyasalları product range.

- Grouting process must be done two days after pasting Brezza glass mosaics. The environment must be kept dry with special attention during these two days, so the adhesive can dry well.

Our company will not be responsible for product problems due to the wrong application methods except from the above mentioned methods.

UYARI !!!

- Renklerdeki mevcut tonlama, tamamıyla el yapımı olan cam mozaiklerin karakteristik özelliğidir.
- Brezza cam mozaiklerinin dekoratif görüntüsü yalnızca malzemenin kalitesine bağlı değildir, döşeme yapılacak yerin muhteviyatına ve uygulamanın başarısına da bağlıdır.
- Brezza cam mozaikleri güneş ışığını direkt alan mekanlarda kullanılmamalıdır.
- Brezza cam mozaik uygulaması tamamlandıktan sonra ürün ile ilgili yapılan şikayetler kabul edilmez.
- Brezza cam koleksiyonu el yapımı olup size özel üretim yapıldığı için ürün iadesi kabul edilmez.

ATTENTION !!!

- The existing tonalities in colors are characteristics of the glass mosaics that are completely handmade.
- The decorative view of the Brezza glass do not only depends on the quality of the material, it also depends on content of the place and application success.
- Do not use Brezza Glass Mosaic products on the areas where the sun strokes directly.
- The complaints are not accepted if they are received after the application process of Brezza Glass Mosaics.
- The Brezza Glass Mosaic products are handmade and they are produced upon your special demand therefore the returns are not accepted.
